PROFESSIONAL EXPERIENCE

Coder Foundry, Web Software Engineer

Remote · September 2020 – December 2020

- Created three primary projects, including:
  1. A portfolio and blog site using C#, MVC, HTML5, CSS3, Bootstrap, JS & jQuery.
  2. A Financial Portal implemented in two phases. Phase 1: an MVC Web Application, Phase 2: a Web Service that utilizes Swagger and Swashbuckle for integrated testing.
  3. Fully designed and developed a multi-functional issue tracker web application, implementing enhanced roles & security, including a Code-First relational database designed and modeled in PostgreSQL. Technologies used include: .Net Core v3.1, MVC6, C#, LINQ, PostgreSQL, Entity Framework, Docker, PgAdmin, Heroku and jQuery DataTables.

Cellular Sales

Eden, NC · September 2017 – April 2020

Assistant Store Manager: Nov 2018 – Apr 2020

- Responsible for training and onboarding all new staff including selling tactics, providing a memorable experience for customers, and how to represent the company in a professional manner.
- Responsible for accepting and receiving inventory; communicating with back office and vendors concerning any additional needs for the store.
- Maintained a positive work environment where staff can confidently sell while holding them to a high standard of excellence and integrity.
- Responsible for disciplinary action and conflict resolution in a professional manner.

Sales Consultant: Sep 2017 – Nov 2018

- Prospected and built professional relationships with current and potential consumer and business clients to grow a recurring book of business.
- Liaison for customer service issues and support for business and consumer clients.
- Troubleshot and repaired mobile devices (cell phones, smart watches, tablets, etc.)
- Provided technical support to customers via phone, computer, and in person.
